

# Benny is fighting a life-threatening cancer

Benny is a happy and caring four-year-old who loves dinosaurs, Ninja Turtles, pizza and dreams of playing for Newcastle United when grows up. In February 2023, at just two years old, he was diagnosed with stage 4 high-risk neuroblastoma. After completing treatment in March 2025, he began DFMO, a relapse-prevention drug. Sadly, scans in September showed that Benny's cancer had returned. His family is now fundraising in the hope that they can travel to Rome for life-saving treatment.
